

## ALL FOREIGNERS AT PEKING SAFE

Official Word That Legations Are Uninjured and Ministers Unhurt.

## THEY WANT PASSPORTS

Rebellion Seems To Be Spreading Rapidly Over Northern Part of China.

## FIRST AMERICAN BLOOD SHED

London, June 25.—[Special Cablegram]—Sheng, the Chinese director of telegraphs, sends a dispatch saying: "The legations at Peking are safe, the ministers are all uninjured and are demanding their passports. The Tsung Li Yamen is disposed to comply with their requests." The dispatch comes from Shanghai and has been received at all the European capitals.

### Shedding of American Blood.

Washington, June 25.—Admiral Kempff's dispatch giving the first definite news of the shedding of American blood early yesterday morning and was turned over to Secretary Long as soon as he arrived at the department. With Admiral Crowninshield, the secretary carried this dispatch to the white house, where on the president's return from church it was laid before him. The determination thereupon was reached to order Admiral Remy, in command of the Asiatic squadron, from Manila to Taku on board of the armored cruiser Brooklyn.

If the Brooklyn starts today, as expected, it will take her fully a week to reach Taku, as the trip is 2,000 miles and typhoons are raging. The determination to carry some of Gen. MacArthur's troops on a flagship shows the emergency of the situation.

### Will It Be War With China?

Admiral Kempff's report that four Americans were killed and seven wounded in the ambush of Walker's force, caused the gravest concern among officials, but the chief fear was to the outcome of the second attack, which the admiral reported would begin today. This is little short of the dimensions of a battle and its results may be decisive not only to the immediate force employed but in determining the fate of the legations and foreign settlement at Tien Tsin and also whether the issue is, or is not, to be war with China.

### Tien Tsin Fighting for Life

London, June 25.—[Special Cablegram]—Admiral Bruce cables from Taku saying that no action can possibly be taken at once to relieve Seymour. Tien Tsin is invested and fighting for its life. Bruce says there is no news from Seymour.

### Confirms Seymour's Defeat

Shanghai, June 25.—[Special Cablegram]—Letters received from the customs authorities at Tien Tsin state that Seymour's force has been defeated.

## ALL OF NORTH CHINA IS ABLAZE

### Casualties Among Europeans at Tien Tsin Are Enormous

Shanghai, June 25.—The whole of North China is declared to be ablaze. The Chinese General Mei, who, it is stated, kindly saved the missionaries at Hangchow, estimates the number of Europeans in the northern provinces at 3,000,000. One Shanghai correspondent informs the powers that they have fatally underestimated the numbers, desperation and armament of the Chinese, who have been quietly accumulating rifles for three years at the rate of 20,000 a month. Reports are received here from Tien-Tsin that the casualties among the Europeans have been enormous. The position of the survivors is all the more desperate because the shallowness of the river prevents their escape in boats. The losses were owing to the lack of time to prepare, suitable bomb shelters.

### Thousands Reported Killed

Chicago, June 25.—A special cable from London to the Tribune says: The 3,000 foreign troops at Tien-Tsin were hard pressed and fighting desperately for their lives on Thursday. A relieving force of less than 1,000 was forced back to Taku on Friday. The loss to the international forces was 300. Among those killed in the Friday fighting was the commander of H. M. S. Balfour, Admiral Hildebrandt of the Russian fleet has sent a mixed force of 4,000 men from Taku to attempt the relief of Tien-Tsin. From Shanghai it was reported that the allied forces had destroyed the Taku forts, and that 4,000 Chinese had been killed at Tien-Tsin.

### Siberia on a War Footing

St. Petersburg, June 25.—[Special Cablegram]—The Czar has ordered the

Russian forces in eastern Siberia put on a war footing.

### French Troops on the Way

Saigon, Cochinchina, June 25.—[Special Cablegram]—The French armored cruiser Vauban, carrying a transport with five hundred, a battery and artillery, sailed for Taku today.

## W. J. BRYAN TO STAY AT HOME

Nebraskan Will Not Attend Kansas City Convention.

Lincoln, Neb., June 25.—W. J. Bryan arrived in Lincoln this morning. He will be a very busy man from now on until the November election, and his preparations have been made accordingly. He is fully determined not to go to the Kansas City convention, but the present week will see many visitors there, among them delegates to the convention, and after it is over Lincoln looks for a rush. One of the rumors is that Richard Croker will be Mr. Bryan's guest for a number of days, coming here from Kansas City. If Mr. Bryan has decided on the plan of his campaign he is keeping it to himself, but it is a pretty safe guess that half the time will be spent in Lincoln.

## TWELVE WORKMEN OVERCOME BY GAS

Fire in the Charcoal House at Laffin & Rand's Powder Works at Kenosha.

Kenosha, Wis., June 26.—[Special Telegram]—A serious fire occurred at the plant of the Laffin & Rand Powder works in the town of Pleasant Prairie. The fire broke out in the large house used as a charcoal house and the employees at the plant made an effort to extinguish the flames without using water. H. S. Brek, superintendent of the works, and twelve workmen were overcome by gas generated by the burning charcoal and four of them remained in an unconscious condition for several hours. The loss from fire will exceed \$1,000.

## OBSERVED THEIR GOLDEN JUBILEE

Meeting of Wisconsin Lutheran Church Representatives in Milwaukee Yesterday.

Milwaukee, June 25.—There was a union meeting of representatives of the Lutheran churches of the city and the state at the exposition building yesterday afternoon, for the purpose of celebrating the golden jubilee of the Wisconsin synod of the church. From 4,000 to 5,000 people took part in the services. It was an inspiring scene when the vast congregation united with a choir of 400 voices in singing Luther's hymn, "A Mighty Fortress is Our God." Among those who occupied seats of honor on the platform was Charles Siering of this city who was one of the organizers of the synod in 1850. The principal speakers were Rev. Philip Von Rohr of Wisconsin, Professor A. Ernst, president of the Lutheran Theological School at Watertown, Wis., and Rev. A. Peiper, national president of the Missouri synod. Interested with the addresses were choral numbers by male, mixed and children choruses.

## BUY A FARM FOR J. W. BAILEY

Dallas, Tex., June 25.—Former Governor David R. Francis of Missouri, and Congressman Joseph C. Sibley of Pennsylvania, have purchased from former Governor Barnett Gibbs his grapevine prairie farm of 6,000 acres of rich black land, situated fifteen miles from Dallas, for Congressman J. W. Bailey of Texas. The property is worth \$250,000. The consideration given Governor Gibbs is \$80,000 in cash and 21,000 acres of comparatively wild land in the Pecos valley, fifty miles west of Dallas. Mr. Bailey is given thirty years in which to pay Francis and Sibley the debt they incurred for him. He will raise grain and blooded stock.

## MASTODON BONES ARE FOUND

Scientists From University of Wisconsin Discover Osseous Remains

Baraboo, Wis., June 25.—Professor E. R. Buckley of the state university at Madison and some assistants spent the greater portion of last week in excavating for the bones of a mastodon in the valley of Bear creek, southwest of this city. The largest tusk secured was forty-three inches long and twenty inches in diameter. Four vertebrae, two pieces of a rib and some other fragments were found a short distance below the bed of the creek. A short distance from Bear creek on a farm owned by G. I. Carewell the tooth of a mastodon was found not long ago in digging a well, but on account of quicksand it was impossible to secure the remainder of the bones.

### Where Compasses Are Useful.

In military sketching a prismatic compass is generally used, but it is hardly likely to be other than practically useless in Natal and beyond the Drakensberg, for in Zululand the presence of iron in the earth renders the compass actually valueless for observations.

## HANNA TALKS ON WOMEN IN POLITICS

NO PLACE FOR FEMALE DELEGATES AT CONVENTIONS.

The Women Who Would Enter Politics Are the Ones Who Would Not Do Politics Any Good—It is Not Their Sphere—They Should Have Husbands.

New York, June 25.—"The women who would enter politics are the ones who would not do politics any good." "I want you to imagine any congress on earth waiting on the moods of a female president." "The senate and the house on Easter Monday would be a sight worth traveling far to see." "If female delegates to conventions in the future are models of true womanhood, they'll be sorry they came." So said Mark Hanna to Lavinia Hart of the Sunday World, according to a Washington dispatch to that newspaper printed yesterday. After his remark about the Easter display the senator went on:

### Special Sessions for Display.

"And there could be special evening sessions for the exhibition of evening toilets, and pink teas in the afternoon and I venture to say that no matrimonial bureau in the world would compare with the galaxy of eligible beauty in the United States congress. The possibilities of the scheme open promisingly before me and I begin to scent something of long-headedness in the female political boom after all."

"But the business end of the senate, don't you think they would be able to make bills?"

"Think! What chance is there to think? Making bills is their specialty." "But putting them through?" Miss Hart persisted, "arguing about them you know, as they do in congress." "Exactly," said the senator smiling. "I think they'd do. I never saw them lose an argument. 'It's what their charms were given them for.'"

"Seriously," began the interviewer.

"Don't begin another sentence with seriously," pleaded Mr. Hanna, "it's a reflection on my mood."

"Haven't you met clever women?"

"Myriads of clever women."

"Myriads of them," with a promising touch of earnestness.

"Clever enough to go into politics?"

"Clever enough to stay out of it."

"Seriously," commenced Miss Hart, this time refusing to retreat. "If you have ever given the subject one serious thought, why should not women enter the field of politics?"

"Because it is not their sphere."

"Why not?"

"They have a better one."

"All women are not fitted for the same sphere."

"All women are at least not fitted for this one."

"Why?"

"Because politics is something which men can attend to without their help."

"And now," continued Mark Hanna, who knows more about the nation's politics today than any other man in America, "if you want me seriously to consider this subject, if you really think it is worth while, here is just what I think: If female delegates to political conventions in future are models of true womanhood they'll be sorry they came. They'll be sorry they left their husbands and babies at home for so inferior a thing as politics."

"But if they haven't any husband or babies?"

"Should Have Husbands."

"Well, then—then they should have," said Mr. Hanna stoutly, "and the fact that they choose politics in preference is proof positive that their judgment is not sound enough to run a government."

"Men leave their families and homes to go to conventions and run a government," he was reminded.

"It's a good thing some of them do," said the senator smiling, "a mighty good thing for the families. There are men better suited to engineering political caucuses than bringing up children, which would scarcely be a compliment if it referred to a woman. If women, to whom the greater scope and the grander privileges have been given, are going to waste their opportunities over inferior work for which they are unfitted, not only will they fall in the grosser undertaking, but they will spoil the delicate mental and spiritual and ethical machinery which are intended to weave greater victories than those won in ward caucuses and political campaigns."

## WISCONSIN HAS A WILD MAN

Sheriff and Posse at Grantsburg in Vain Try to Capture Him.

Grantsburg, Wis., June 25.—A wild man is terrorizing the people north of here. He appears to be about 35 years old, has long black whiskers, goes barefooted, is almost nude and carries a hatchet. He has appeared at several farmhouses and asked for something to eat. When asked where he came from he points to the east. During the day he secrets himself in the woods. Sheriff and posse were out yesterday and today but have been unable to capture the man. He runs like a deer through the woods where it is impossible to follow with a horse.

### Martin J. Russell Dead

Chicago, June 25.—[Special Telegram]—Martin J. Russell, editor of the Chronicle, died this morning.

## PROGRESS IS MADE IN SEEKING PEACE

GEN. MAC ARTHUR OBJECTS TO EXPULSION OF FRIARS.

Favorable Advance Being Made with the Insurgent Leaders—Grand Convention of All the Rebel Leaders Will Be Held at Manila on July 4—American Garrison Attacked.

Manila, June 25.—General MacArthur has given a formal answer to the Filipino leaders who last Thursday submitted to him peace proposals that had been approved earlier in the day by a meeting of representative insurgents. In his reply he assured them that all personal rights under the United States Constitution, excepting trial by jury and the right to bear arms, would be guaranteed them.

The promoters of the peace movement are now engaged in reconstructing the draft of the seven clauses submitted to General MacArthur in such a way as to render it acceptable to both sides.

The seventh clause relating to the expulsion of the friars General MacArthur rejected on the ground that the settlement of this question rests with the commission headed by Judge Taft.

Senor Paterno, who was formerly a member of Aguinaldo's cabinet is planning for the holding of a grand convention of Filipinos on July 4 when Gen. MacArthur's suggestions will be considered. He hopes that a common understanding will then be reached. It is apparent, however, that the Filipinos are still uncertain as to the advisability of sincerely striving for peace.

Undated reports from the island of Samar are to the effect that the insurgents are active in the chief cities and on the coast. They have made several attacks on the small American garrisons. The transport Pennsylvania, with five companies of the Twenty-ninth regiment and a battery of artillery, sailed today to relieve the Forty-third regiment, which has been ordered to Leyte.

The amnesty proclamation is being published in all the places garrisoned by Americans but as yet it has produced no apparent result.

That portion of the Forty-third infantry which formerly garrisoned the island of Samar will proceed to the island of Leyte, giving the garrison there the needed re-enforcement. The battalion of the Twenty-ninth infantry which was sent yesterday to Samar will act as the garrison there.

## AMERICAN COLLEGES GAIN ENDOWMENTS

Over \$7,000,000 Given During the Past Year—Enormous Strides For a Higher Education.

Chicago, June 25.—Over \$7,000,000 has been added to the endowments to American colleges and universities during the past year. In the same time over \$6,000,000 has been spent on building and equipments.

In addition to this there has been a general increase in the number of students in nearly every institution from the largest to the smallest, except where peculiar local conditions have been at work.

These are the facts of the material progress of higher education in the United States during the school year 1899-1900.

Now that classes have been closed for the summer vacation and college presidents have an opportunity to sum up the work they have accomplished in the months since studies began last September, they find that the year has been one of great educational prosperity and progress. They may pride themselves more on the elevation of educational standards and the increased efficiency of their teaching than they do on material gains, but the latter are so manifest that they cannot be overlooked.

The indications of good fortune were everywhere in the weeks of the commencement exercises. Colleges from Maine to California announced to the world through their presidents of good fortune in gifts that had come to them, of the many students who had worked in them and of the bright prospects for the coming year. It was a season of self congratulation everywhere in the educational world.

## COLORED WOMAN KILLS A MAN

Then She Defends Herself Against Milwaukee Policemen.

Milwaukee, Wis., June 25.—Nina Brown, a colored woman from Chicago, murdered Frank Bonn, white, an asphalt paver who came here from Chicago six weeks ago, but whose home is believed to be in Sioux City. Bonn was living with the colored woman at 518 Wells street. Some of the colored people in the neighborhood claim the couple were married, but this is denied by the woman. After killing Bonn she made a desperate fight against four officers, who tried to arrest her, using red pepper and a large butcher knife as weapons. She declares she stabbed Bonn in self defense.

## WANT A GERMAN TO HEAD TICKET

Badger State Democrats Think Man of That Decent Should Be Nominated for Governor.

Milwaukee, Wis., June 25.—There will be no active work done in the democratic campaign in this state until after the national convention in Kansas City July 4. No candidate for governor or any other state office has yet openly declared himself to be in the field.

The frequently recurring suggestion, however, that it would be good politics to nominate for governor some prominent German-American is receiving grave attention from the party leaders. They fully appreciate the importance not only to the state, but to the national ticket as well of using every effort to secure the German vote. It is believed that it would be a long step in that direction to head the state ticket with a well known and popular German.

Recently compiled statistics show that this state has a larger proportionate German population than any other state in the union, about 68 per cent of the total.

There is considerable talk among the democrats of making Carl Mathis superintendent of public schools in Wausau, the party nominee for state superintendent of public instruction, to run against Professor L. D. Harvey, who will doubtless be the republican nominee.

## UNCLE SAM SENDS NOTE TO THE TURK

Mr. Griscom, Charge of Affairs, Insists On Prompt Reply to the American Demand.

Constantinople, June 25.—Lloyd C. Griscom, United States charge d'affaires, today presented a fresh note to the Ottoman government insisting upon an immediate reply to the demand of the United States for a settlement of the indemnity in connection with the losses of Americans at the time of the Armenian massacres.

Although vigorously phrased, the note is not an ultimatum.

It is said, however, to have been a disagreeable surprise to the porte, testifying, as it does, to the intention of the United States government to pursue the matter of indemnity to the end.

Washington, June 25.—The representation which Mr. Griscom made to the porte respecting payment of the American indemnity claims was written here and consists of a strong presentation of the case and an urgent request for early payment of the claims.

It was not an ultimatum, since it contained no alternative proposition as to our course in case payment is not made. The latest presentations is in accordance with the determination of the United States government to press these claims to a settlement.

## FOES OF LIQUOR TO NAME A TICKET

NATIONAL PROHIBITION CONVENTION IN CHICAGO.

Delegates Arriving for the Event Next Wednesday—Three Candidates for the Presidential Nomination—Platform Outlined by Hale Johnson, One of the Candidates.

Chicago, June 26.—[Special Telegram]—Delegates to the national prohibition convention began to arrive this morning. The opening of the session will be Wednesday morning in the First Regiment armory.

Chairman Stewart of the national committee says that the party is in prime condition and that both McKinley and Bryan will be rapped, the former for his position on the army canteen question and the latter for speaking against prohibition during the amendment campaign in Nebraska.

For the presidency, Illinois has two candidates, Hale Johnson and John G. Woolley, and the delegation is likely to be split. Dr. S. C. Swallow of Pennsylvania is expected to lead on the first ballot.

### Many Seeking Second Place.

According to a local officer of the state committee the vice presidential situation is unsettled. If Dr. Swallow is nominated for president Indiana will put up T. R. Whiter of Indianapolis for vice president. Iowa is expected to present Dr. E. L. Eaton of Des Moines. If a western man lands the presidential nomination other vice presidential aspirants will be Judge Elliott, California; T. B. Carskadon, West Virginia; Isaac K. Funk, New York; Henry B. Metcalf, Rhode Island and Walker B. Hill, Georgia. The last named is said to be a candidate for the presidential nomination.

### Is Outlined by Hale Johnson.

Newton, Ill., June 25.—Hale Johnson of this city, who will be a prominent candidate before the national prohibition convention at Chicago this week, when asked as to what would probably be the platform, replied:

"I could not undertake to foreshadow the action of the convention. I think we should declare for prohibition, equal suffrage, civil service, postal savings banks and regulation interstate commerce so that it would prevent large manufacturing, milling or shipping establishments from getting better rates, either directly or in the way of rebates, than smaller ones. We should also have an anti-trust plank."

"What about expansion and imperialism?" was asked.

"Well," he said, "we are all opposed to the expansion of beer and the imperialism of alcohol. We are clear on the proposition that we can never civilize the Filipino with Milwaukee beer."

## HUNT FOR ANIMALS HARMFUL TO CROPS

GOPHERS, WOODCHUCKS, SPARROWS AND HAWKS KILLED.

La Grange Yearly Function Participated in by Men and Boys of Surrounding Country—Hunt Continues for Two Weeks and Side Scoring—Least Provides a Banquet.

All have read of the great hunts in Australia, but few know about the animal hunt at La Grange, a small town not far distant from Whitewater, Palmyra and Elkhorn. The first of these hunts was organized about five years ago and there has been one each year since.

The cause of its organization was the rapid growth of those animals and birds which are so harmful to the farmer's crops, as for instance the woodchuck, gopher, crow, hawk, sparrows, etc.

Each year about the middle of May, the men meet at their popular meeting places, C. H. Nott's general store at La Grange and elect two captains. These two captains choose sides, selecting all the men and boys who can handle a gun, a snare or a waterpail, (in case of gophers.) These men and boys then proceed to hunt and for two weeks the hunt goes on.

At the end of the time a committee appointed counts the trophies and awards the decision to the side having the most points. In counting for these points different animals score different amounts. A hawk counts 50; a woodchuck 40, a sparrow 10, and so on. There were scored in this year's hunt 65,000.

There is also a social side to this affair. At the end of the hunt, the losing side has to furnish the winning side with a supper. All outside of the hunters are charged a small sum. At this year's supper over 400 were fed, and a great many were turned away because they did not wish to wait for their turn.

The result of this hunt figured in hawks, or owls, would be 1,300 killed; in gophers, rats, or sparrows, 6,500.

The territory covered in this hunt is that immediately about the Lauderdale lakes, and so the country is especially adapted to this sort of thing.

One hunter shot a large hawk and then climbed up to the nest to get the little ones. He found there ten gophers, consequently some think that when a hawk is killed a public benefactor is killed.

### July Ladies' Home Journal

"The Fashionable Summer Resorts of the Century" is a feature of the July Ladies' Home Journal, especially interesting from the glimpse it gives of the social life of these places at times when they were considered accessible only to the rich. "The Girl Who Fought in the Revolution" is a story of a young woman who battled for the cause of liberty on the field and made innumerable conquests of female hearts. She enlisted as a man and wore the uniform of a soldier. A contribution to the July Journal that will find a universal welcome is Ernest Soton-Thompson's dramatization of "Wild Animals I Have Known," in which the author's friends of forest and plain are impersonated by children. Edward Bok writes of "The American Man and the Country." "An American Mother" writes on "Is a College Education the best for Our Girls?" and Edward B. Rawson on "Letting Children Rust in Summer." "A Missionary in the Great West," "The Autobiography of a Girl," "The Voice in the Choir" and "The Story the Doctor Told" are all interesting features. Howard Chandler Christy's page drawing shows "The American Girl at Her Sports." There are numerous other pictorial features. The practical, helpful articles of the July Journal are timely. By The Curtis Publishing Company, Philadelphia. One dollar a year; ten cents a copy.

**"Could Not Sleep."**

Sleeplessness marks the very climax of human suffering. It is only a step removed from insanity. When sleep no longer restores the exhausted nature, the struggle with disease cannot last long. The starting point of the nervous disorders which produce ill-health and sleeplessness, is generally a diseased condition of the womanly organs. Restore these organs to sound health and the appetite comes back, the day's work no longer wearies, and sleep is sound and refreshing. Dr. Pierce's Favorite Prescription cures diseases of the womanly organs. It stops the drains which weaken women; it heals the inflammation and ulceration, and cures female weakness.

There is no alcohol in "Favorite Prescription" and it is entirely free from opium, cocaine and all other narcotics. It is a temperance medicine.

"My health has been poor for many years and I had taken a great deal of medicine, but it did me no good," writes Mrs. Rose Kennedy, of Springfield, Mass. "Last August my health was very poor; I had no appetite and could not sleep. I wrote to Dr. Pierce and he kindly advised me to take his 'Favorite Prescription.' I took five bottles of the 'Prescription' and one bottle of the 'Golden Medical Discovery,' and I feel like a new woman."

Cure sick headache by using Doctor Pierce's Pleasant Pellets.

Madame Hess-Burr, the celebrated teacher of voice culture whose list of pupils includes many of the leading professionals of today, will appear in this city as the director and accompanist of the operatic concert which is to be given at the Myers Grand tomorrow evening. The concert includes a miscellaneous program and a one act operetta, "The Sleeping Queen."

## THE C. M. & ST. P. CO. PUT ON NEW TRAIN

Will Run Between Janesville and Milwaukee During the Summer Season.

The Chicago, Milwaukee & St. Paul Railway company put a new Sunday Milwaukee Janesville train in service yesterday. The train will run to Janesville and intermediate points during the summer season of 1900. Frank Leslie's Popular Monthly for July. The July number of Frank Leslie's Popular Monthly is appropriately patriotic, in grouping together the Hon. John Quincy Adams' illustrated article upon "The Birthplace of the American Flag," Hezekiah Butterworth's inspiring "Flag Song" specially revised and extended for this publication, and a fine poem by Theodora Peck, entitled, "A Dream of the Flag."

The general contents of this July number of Frank Leslie's Popular Monthly are as rich and varied as ever. In addition to its patriotic features it has a notable leading article upon "Rapid Transit in Large Cities" by George H. Johnson, S. D., very profusely illustrated, presenting a comprehensive study of this important problem of modern civilization, not only in greater New York, but in Chicago, Boston, London, Paris and other centers of population. "Our Samoan Station," the tropical island of Tutuila, with its harbor of Pago-Pago, is described and beautifully pictured by Albert de Lautrepp. Lionel Strachey and Edmond Rostand collaborate in a fascinating sketch of "The Greatest Living Actress," who is no other than Sarah Bernhardt. Another personal paper is "Mary E. Wilkins at Home," by Katharine Hill, "Photography as a Sport," by W. Nutting, and "Women in Philanthropy," by May Wilkinson Mount, are interesting in their respective ways.

The fiction in Frank Leslie's Popular Monthly for July includes, besides the Sheridan-like ending of Egerton's Castle's "Bath Comedy," a quaintly humorous New England story by Rollin Lynde Hart, and a Cape Cod idyll called "In Old Manomet Village," by Etta W. Pierce. The poetry and "Marginalia" include contributions by Edgar Fawcett, William Hamilton Hayne, Norman H. Pittman, Frank Lawrence Jones, Ethel West, and Mary Sargent Hopkins.

## IS AWARDED A SCHOLARSHIP

Honor for Miss Marie McClernan by State University

Miss Marie McClernan, daughter of Thomas McClernan, 58 Lincoln street, has been awarded a scholarship by the regents and faculty of the university of Wisconsin, which it accepted will enable her to pursue a post graduate course at the university without expense.

Miss McClernan can justly feel proud of the honor as it is one of the gifts in the power of the university to bestow that is most eagerly sought, and is only conferred when a student graduates with the highest honors.

That a young lady nineteen years old should be able to carry off the prize in a class of 312 is a wonderful thing and speaks volumes for the young lady, and to be a graduate of the Janesville High school and the University of Wisconsin at the age of nineteen is very remarkable. Miss McClernan received her early education at the Sisters' school of St. Patrick's church. Later she attended the High school graduating when fourteen years of age. She is a fine musician and organist at St. Patrick's church, and was the first child baptized by Dean McGinnity in this city. Her many friends extend their hearty congratulations on her good fortune.

## GREAT CAPTURE OF BRITISH

Lord Roberts Confirms Report of the Loss of 600 Men

### IN A WHOLESALE CAPTURE

Lord Longford Among the Captives—Sick Troops at Standerton—Gen. Hamilton Has Occupied Heidelberg—Devillier's Commando Surrenders to Gen. Warren.

London, June 25.—In a dispatch dated Standerton, June 24, Gen. Buller confirms the report that 461 men of the Thirteenth yeomanry and 150 Highlanders were captured with a convoy near Hilborn. They passed through Standerton on June 18. A few of them, including Lord Longford, were severely wounded. These were left at Reitz. The dispatch gives the names of other sick troops found at Standerton, and adds that the bulk of the prisoners, including Lord Lett-erim and Lord Ennismore, are well.

Gen. Roberts reports to the war office that Gen. Hamilton occupied Heidelberg Saturday. The Boers fled and were pursued six or seven miles. Gen. Hunter's advance brigade, marching toward Heidelberg, reached Johannesburg Friday.

Gen. Roberts reports two other skirmishes at other places.

A telegram from Cape Town states that Devillier's commando, numbering 220 men, with 280 horses, 18 wagons, 260 rifles, and 10,000 rounds of ammunition, surrendered to Gen. Warren at Blikfontein. Commandant Devillier himself did not surrender. The communications of Senekal with Winberg, the nearest supply point, have been temporarily interrupted. Gen. Clements is at Senekal. A convoy seeking to reach him Friday was driven back.

#### Would Not Suffer So Again for Fifty Times Its Price.

I awoke last night with severe pains in my stomach. I never felt so badly in all my life. When I came down to work this morning I felt so weak I could hardly work. It certainly is the finest thing I ever used for stomach trouble. I shall not be without it in my home hereafter, for I should not care to endure the sufferings of last night for fifty times its price.—G. H. Wilson, Liveryman, Burgettstown, Washington Co., Pa. #### Making Money in Mexico.

A New Yorker who has just returned from a visit to Mexico says that "many Americans are making fortunes out of the mines throughout the republic. Already there are five thousand silver mines and over one thousand gold mines being operated, and last year the value of these metals exported was nearly \$40,000,000. In no other country in the world are cotton mills paying such dividends as those in Mexico, and new manufacturing plants of every description are going up all over the republic. It has a great future and in developing itself it is benefiting the business men of the United States. The importation of machinery from this country in the last year amounted to over \$6,000,000."

## GOOD MAN, GOOD CAUSE

Editor Starbuck, of The Racine Daily Journal, who is accounted a keen political observer predicts Senator Whitehead's nomination, by Wisconsin republicans, for governor. The Journal says: The first district candidate, John M. Whitehead of Janesville, is not at all excited, nor are his many friends. He and they are calm, serene and confident of success in the windup.

In an article on the governorship The Augustus Times, Democratic, estimates plausibly that Bradford and Whitehead are the two possibilities, besides LaFollette. One of these possibilities, Mr. Whitehead, will in the end be the actuality.

The impression now appears to be quite general among the people who take an interest in politics, that Senator Whitehead's chances are equal, if not superior, to those of any of the other candidates. With the First District solidly behind him, and with the strength that the Janesville man commands in other parts of Wisconsin, his nomination would be practically assured. Rock County and the First District has an opportunity to furnish the state with a governor this year, and the people of the district should all take pride in working to that end. Senator Whitehead's fitness is everywhere admitted, and if by any chance the district should make the mistake of flustering in its support, no honor can be expected to come this way in the future—united we stand, divided we fall. Not only is enthusiastic undivided support due the sterling candidate, but because such a course is for the best interests of the district as well.

## THE INDEPENDENT IS FIRM

Broadhead Independent—"O, you have gone over to Whitehead," was our greeting the other day. "Gone over," is pretty good, when we have simply stood by our text. When the Independent first came out for Senator Whitehead, LaFollette was not in the field. There was no question as between LaFollette and Whitehead, it was simply a question of a first class candidate for the First district to present, as the First district had an unusually good claim to the honor of a state office. The candidate appeared in the person of J. M. Whitehead. Say whatever you will of any other candidate, we do not dispute their ability, their honor, or their integrity, we simply reply our candidate is the peer of any or all of them. There is no discount on Whitehead. Here we stand just where we have stood from the beginning of the campaign. We couldn't go over to LaFollette if we wanted to do so. Mr. LaFollette has no more honor in his heart for turn coats than the rest of the world; to be a traitor to be despised even by those who accept your services. Mr. Whitehead represents all the reforms for which LaFollette has pleaded, he has proved himself in the senate, a strong and willing champion of the people, and he had the hearty endorsement of this district before Mr. LaFollette decided to run. He ought to have a clear field. So we stand by our text, live or die, survive or perish, J. M. Whitehead for governor of Wisconsin.

Many bad sidewalks have been repaired, but there are still a few hundred bad ones left. The only way to abate the defective sidewalk nuisance is to

take the sidewalk matter out of politics by making an inspector responsible, and not the aldermen. Some aldermen attend to the walks, but others do not. Result, suits.

The citizens of Janesville fully appreciate the fact that the people and the press of the Line city are helping to advertise the Janesville Fourth of July celebration. Beloit is celebrating herself, but she is not narrow enough to oppose Janesville's show.

A correspondent asks the Chicago Inter Ocean "What has become of Hell?" At last accounts it was reported to be low down, but rumor said it was being raised.

The council is standing firm in the matter of better streets. The aldermen are in the right. The only way to get good streets is to get them.

The Milwaukee carnival is next on the tapis, and after that the next big event is the Fourth of July celebration at Janesville.

Will Mr. Bryan also take notice of the fact that Sidney Lucas, the Chicago Derby winner sold at 20, not 16 to 1.

The Chinese puzzle is more complicated than ever these days.

## PERFECT DETAILS

## FOR THE FOURTH

LOCAL COMMITTEES ARE ALL  
HARD AT WORK

Enthusiasm by All Classes of Citizens Promises the Best Celebration of the Kind Ever Attempted in Janesville—Committee Who Will Take Charge of the Parade.

The Fourth of July committees are all hard at work perfecting the details necessary to make the celebration a glorious success. If hard work will make a success then Janesville should be second to none, but far ahead of anything our neighbors can show in the way of a celebration. The enthusiasm displayed this year by all classes is something remarkable. Every one is getting into line and with the money assured and the people hard at work the celebration should eclipse anything ever before attempted in this line in this city or the surrounding towns.

The opposition this year from other places nearby is more marked than usual and all are straining every nerve to outdo Janesville. This alone should be enough to make every citizen of this city work for the success of the celebration. Janesville has always been to the front in every celebration and this one should be no exception to the rule.

Much interest is being taken in the parade and the turnout will be the finest ever seen in this city. One prize divided into three moneys will be given for the best displays. Chairman Sayles has appointed the following to assist in the carnival:

Parade—Theo. Golden, Capt. Achterberg, C. D. Child.  
Fire Works—M. C. Fish, Kirk White, A. F. Spooner.  
Colored Lights—Geo. Klag, Ed. Hyde, John Sweeney.  
Masking Hands—E. S. Gikoy, Herb. A. Ford, Will P. Sayles.  
Masks and Confetti Paper—Ross King, Dr. Chas. Pierce.

Organization—Harry Haggart, Gale Nicholson, Fred Baker, Harry Kirkland, Eugene Olin, Louis Doy, Will McCoo, Milt. Thayer, A. Knuth, A. T. Wilkins, W. E. Watts, T. F. McKenney, Chas. Ely, Wm. Mason, John V. Hogan, E. H. Ryan, Carl Brockhaus, Orville Morse, F. P. Baker and N. L. Robinson.

This committee will meet Thursday evening at 8 o'clock at the council chamber. A costume from Milwaukee will be secured if enough of those who are going to mask will notify the committee that they desire to rent costumes, which will be used at Milwaukee and which will be rented for the evening for \$1.

ANNOYING TO THE  
STREET RAILWAY

Some Person or Persons Are Using Dynamite to Scare People—Obstructions on the track.

The Janesville Street Railway is meeting with considerable trouble of late. Within the last three weeks, some person or persons have placed on the lines in different parts of the city dynamite bombs, which while they have done no particular damage have caused considerable excitement among the passengers.

Last evening while the street car was returning from the cemetery, it struck an obstruction on the track near the corner grocery in the first ward. The car left the rails and stood squarely across the tracks. Considerable excitement prevailed among the passengers with which the car was filled, many of them being ladies and children. After a short delay the car was returned to the rails and proceeded on his way.

JOLLY CROWD CAME  
HOME FROM MADISON

Janesville Commercial Travelers Report a Great Time at the Picnic Saturday.

It was a jolly crowd that came into Janesville Saturday night from the Commercial Travelers picnic at Madison. From all accounts it is hard to understand how more solid enjoyment could be crowded into one day but when the people who compose the Commercial Travelers association are taken into consideration it is not to be wondered at. The guests were entertained by the Madison Council and dinner was served at the Hotel Van Etta and the Capital House.

In the afternoon the party was taken to Wauquash Park where the fun broke loose and was kept going until late in the evening.

The great ball game scheduled to take place between Janesville and Madison came off at the appointed time and although Madison furnished the umpire Janesville succeeded in holding its own and at the finish the umpire was forced to declare the "eight" a draw. Janesville forced the fighting but Madison had the umpire. Other minor events took place and Janesville succeeded in holding its own but could not win against the umpire. The evening was spent in dancing to the inspiring strains of Netchke's orchestra, afterwards a dance was held in Odd Fellows' hall, Madison, until train time.

is in the correction of any displacement, or obstruction, which is in any way involving infringements upon the blood and lymph circulation or the action of nerve force. Osteopathy considers the spine and ribs as in part of the skeleton because lesions in this region whether muscular or osseous, affect very seriously the organic centers in the spinal cord, the medulla, and the brain at the basis of life, and interfere with the nutritive influences that supply functional activity to all organic life.

That structural disorders affect the internal organs of the body cannot be doubted.

Osteopathy aims to correct tissue contraction or displacement, so that when the tissues and bones are restored to their normal position and function, nature may resume its normal activity.

## 42 KILLED IN TWO WRECKS

Thirty-Five People Plunge to Death in a Stream.

## FALL SIXTY FEET INTO WATER

Shocking Accident Takes Place Near McDonough, Ga.—Seven Killed and Forty Injured in Another Railway Disaster Near Green Bay, Wisconsin.

Atlanta, Ga., June 25.—Thirty-five persons lost their lives in a wreck on the Southern railway, one mile north of McDonough and twenty-six miles south of Atlanta. It is thought the death list will be increased by the discovery of more bodies and the death of two or three of the injured. Although a flood of rain was falling and the train was partially submerged in the bed of a raging creek, many of the victims were burned to death. The train plunged into a washed-out trestle and caught fire. This is the list of dead: William A. Barclay, conductor, Atlanta; J. E. Wood, conductor, Atlanta; J. H. Hunsbitt, conductor, Atlanta; J. T. Sullivan, engineer; W. W. Bennett, baggage master, Atlanta; T. E. Maddox, cotton buyer, Atlanta; W. J. Pate, Atlanta; 12-year-old son of W. J. Pate, Atlanta; H. R. Cressman, Pullman conductor; George W. Flournoy, Atlanta; D. C. Hightower, Stockbridge, Ga.; W. W. Iparik, Macon, Ga.; Elder Henson, traveling salesman, supposed to have been from Florida; J. R. Florida, Nashville; W. C. Ellis, bridge man, Stockbridge; D. Y. Griffith, supervisor; J. H. Rhodes, flagman; John Brantley, fireman; Will Green, extra fireman; W. L. Morrisett, pump repairer; W. R. Lawrence, foreman extra gang; Ed Byrd, colored, fireman, Atlanta; Robert Spencer, train porter; R. M. Seewalt, Chicago; Robert Buchanan, Atlanta; two bodies unidentified; eight negro section hands. The train, running at the rate of forty miles an hour, plunged into Camp creek at 9:20 p. m., and engine, cars and sleeper were piled up together. The storm had caused a torrent of water to rush down the creek, sweeping away the 125-foot trestle just before the appearance of the train, which rounded a curve and fell over a bank sixty feet high. Lamps in the coaches exploded, setting fire to the cars, and many of the victims who were pinned down were burned to death, others were drowned in the rushing water, and still others were killed by the wreckage and fearful fall of the train. A flagman named Quinlan was one of the first to get out of the wreck. He ran to McDonough, notified the telegraph operator of the wreck and fell fainting to the floor. Citizens organized rescuing parties at midnight and the work was kept up all night with the result that thirty-five bodies have been recovered. Only three women were on the train, and of these two escaped. It is presumed the other perished, but the body has not been found. A train load of the dead and injured was taken to Atlanta.

Six Killed, Forty Injured.  
Green Bay, Wis., June 25.—An excursion train carrying 600 members of the Oshkosh, Fond du Lac, Neenah and Menasha singing societies of the sangerfest here was wrecked near Depere. Six persons were instantly killed, five fatally wounded and forty others injured. The wreck occurred at Donald's curve, one and one-half miles from Depere, the excursion train overtaking a double-header freight. The engine, baggage car and two smoking cars of the passenger train were completely crushed. To add to the horror the wreck caught fire and many of the injured were burned before they could be rescued.

The dead: Fred Kuskie, aged 27, druggist of Fond du Lac; Lawrence Plank, aged 25, Fond du Lac; George L. Lloyd, Eden, Wis.; Charles Merswa, Oshkosh; Max Korcher, Oshkosh; Adam Weber, Fond du Lac; Bert Ives, Oshkosh.

Missing: Ed. Lawson, Minn. The injured: John Borten, Green Bay, leg hurt; Fred Wagner, Fond du Lac, leg broken; William Kaufman, Fond du Lac, both legs broken; Charles Rihake, Fond du Lac, both legs hurt; Charles Renning, Fond du Lac, leg hurt; J. J. Schmit, Neenah, chest hurt; Frank Ragsenski, Burns, hip hurt; Thomas Lamb, Fond du Lac, leg broken; Joseph Landeman, Fond du Lac, leg broken; B. Froeling, Fond du Lac, leg broken; Ed. Robido, Kaukauna, leg broken; H. L. Lloyd, Fond du Lac, leg broken; Herman Ross, Fond du Lac, leg broken; F. Teizer, Van Dyke, leg hurt; John Rihner, Van Dyke, hand hurt; Ben Kraus, Menasha, head hurt; Miss Leda Eche, Fond du Lac, head hurt; Otto Lawritz, Fond du Lac, head hurt; John Ryan, Fond du Lac, face hurt; Ernest Lerner, Neenah, head hurt; Louis Hansen, Fond du Lac, head cut; Henry Haupt, Van Dyke, knee hurt; Bert Dols, Oshkosh, body bruised; James Lafling, Van Dyke, back hurt; E. L. Keys, Fond du Lac, leg hurt; F. Rug, Fond du Lac, head hurt; S. Schafer, Fond du Lac, hand hurt; S. B. Eike, Fond du Lac, leg hurt; Miss Heider, Fond du Lac, back hurt; Fred Harper, Fond du Lac, back cut; John H. Thompson, Fond du Lac, arm hurt; Eugene Carr, Oshkosh, both legs broken; Fred. Koefor, Neenah, face and head hurt; Emil Severine, Fond du Lac, arm broken, head badly cut; Mrs. J. Thompson, Fond du Lac, injuries to spine; A. F. Hickey, Friendship, left foot injured; W. J. Cooper, Fond du Lac, left leg broken; Ditlef Pick, Fond du Lac, back bruised; E. Frazier, Fond du Lac, both legs injured; Otto Hankwitz, Fond du Lac, arm broken; Oscar Kramer, Fond du Lac, both legs injured; Albert Kobes, Fond du Lac, both legs bruised; C. H. Finney, Davenport, Iowa, right leg injured; J. Grilles, Chicago, right leg hurt.

At the time of the collision the excursion train was running at a fairly average speed, and is said to have been ten minutes ahead of time. The engineer, fireman and occupants of the baggage car saved themselves by jumping, as did the members of the freight train crew in the caboose. The passengers had no warning. The jolly singers in the smoking car were joining in the chorus just as the crash came. The song came to an abrupt stop and was followed an instant later by the shrieks and groans of the injured. The uninjured men in the cars farther back on the train now rushed to the rescue and dragged their companions from the wreck. But so rapidly did the flames advance that it was necessary in one instance to chop off the arm of a young man to prevent his body from being burned. As soon as the news of the wreck reached here a train bearing physicians and nurses was hurried to the scene, ten miles away. The dead and injured were taken to Depere, where the schoolhouse was turned into a hospital. Some of the injured were brought later to the General and St. Vincent hospitals in this city.

Bert Ives and Eugene Carr, both of Oshkosh, who were badly injured in the wreck, are among the best-known pool and billiard players in the state. Twenty-two injured were brought here on the train, most of them on stretchers. The work of removal to homes and hospitals occupied more than an hour. Of the dead Edward Kuskie was a clerk in the Huber drug store. He was a graduate of the state university. Adam Weber was a business man and Fond du Lac hotelkeeper. Among the injured, Henry Ruhner is president of the Fond du Lac Implement company. His injuries are considered to be serious.

Engine Cuts Another in Two.

Alliance, O., June 25.—The Pennsylvania company's fast express, due here from Cleveland at 6:35 o'clock, struck the engine of an Alliance and Northern passenger train here on the crossing and cut it squarely in two. Conrad Weaver of Phalanx, the fireman of the Alliance and Northern, was instantly killed and Engineer Albert Dunlap seriously hurt. None of the Pennsylvania crew or passengers were injured.

Two Killed by Lightning.

Charlotte, N. C., June 25.—The home of John Ethridge, about twenty miles from this city, was struck by lightning and two of his daughters, who were asleep in one of the front rooms upstairs, were killed.

The bolt of lightning set fire to the house and before assistance could arrive the dwelling was consumed. The other members of the family escaped, but both the father and mother were badly shocked, and it is feared that the mother will not survive. The bed on which the two girls were sleeping was literally torn to shreds. It is said the elder sister dreamed some time ago that her father's home had been destroyed by lightning and two of the family killed.

Roberts Sentenced in Utah.

Salt Lake City, Utah, June 25.—Brigham H. Roberts was sentenced by Judge Norrell in the state court to pay a fine of \$150 or go to jail for 150 days for "unlawful cohabitation." He will appeal to the Supreme court. The point Roberts will raise in the Supreme court is that the information charges that the crime of unlawful cohabitation was committed in Salt Lake county. One of his wives lives in Davis county, and he contends that the crime was committed to two counties and that consequently the indictment is at fault.

Elkins, Pa., June 25.—Jay Cooke, the famous financier, is at his home here suffering from the effects of a recent attack of apoplexy. Mr. Cooke is known the world over as one who, through his failure in 1873, pulled the United States down with him and caused the great panic of the year. Milwaukee, Wis., June 25.—The moth-eaten and weather-worn joke about the mother-in-law being a blight to domestic happiness was put out of business here. Louis Hirsch, a fireman, who works nights at the electric power-house, took out a license to wed his mother-in-law, Mrs. Abrahams, who lives at 717 Kinzie avenue. The groom is 33 years old and the bride 50.

## CHINESE KILL AMERICANS.

In a Preliminary Skirmish Before Tien-Tsin.

## FOUR DEAD, SEVEN WOUNDED

Situation at Tien-Tsin Is Now Almost Hopeless—Ten Thousand Men Striving to Keep a Footing and Succeed the Legations in Peking.

St. Petersburg, June 25.—Trustworthy information has been received here to the effect that the situation at Tien-Tsin is now almost hopeless. American Marines Killed.  
Washington, D. C., June 25.—The following dispatch from Rear Admiral Kempff, dated Chefoo, June 24, was received by the navy department: "In ambuscade near Tien-Tsin on the 21st four of Waller's command were killed and seven wounded. Names will be furnished as soon as secured. Force of 2,000 going to relieve Tien-Tsin today."

The American detachment ambuscaded consisted of 130 United States marines under command of Major Littleton W. T. Waller, who had gone forward by land from Tong Hui, near Taku, in company with 400 Russian troops to relieve Tien-Tsin. In a dispatch Admiral Kempff said that Major Waller's command had an engagement with "the Chinese army," but failed to get through the Chinese line. Secretary Long returned to Washington Saturday night and had a talk over the Chinese situation Sunday with President McKinley. It was announced by the secretary Sunday evening that Rear Admiral Remy, commander-in-chief of the Asiatic squadron, had been ordered to go to Taku in the Brooklyn and to tender Major General MacArthur conveyance of any troops which the Brooklyn may be able to carry. On his arrival at Taku Admiral Remy will assume direct command of the American squadron there, relieving Rear Admiral Kempff. The latter, however, will remain at Taku as second in command.

Casualty List of 300.  
London, June 25.—Ten thousand men are striving to keep a footing and to succeed the legations in Peking. Admiral Seymour's column of 10,000 was last heard from ten days ago. At that time it was surrounded midway between Peking and Tsin-Tsin. The 3,000 Internationalists at Tien-Tsin were hard pressed and fighting for their lives on Thursday, and a relieving force of less than 1,000 had been beaten back to Taku Friday. Observers on the spot think that 100,000 men would not be too many to grasp China firmly.

A press message from Shanghai says: "Official Japanese telegrams confirm the reports of a defeat of the allied forces at Tien-Tsin. The foreigners there are now placed in a most desperate situation. The Russian Admiral Hillebrandt yesterday sent a mixed force of 4,000 from Taku to attempt the relief of Tien-Tsin. Nearly half of the force consisted of Japanese. The remainder was made up of contingents representing the other nations. The guns of the Chinese around Tien-Tsin are superior to anything the defending European force has or is likely to have for sometime."

"The bombardment of Tien-Tsin continued Friday. Bomb shields were hastily erected by the foreign troops, largely constructed of wetted pieces of goods. The food supplies are insufficient, and the continued shelling is reported to be telling terribly. Among those killed of the relief force Friday was the commander of H. M. S. Barfleur. The foreign casualties were 300. Japan is making every effort. Her troops are now arriving at Taku in large numbers."

Dowager's Embassy Killed.  
Vancouver, B. C., June 25.—The steamer Tartar arrived from the orient with 400 Japanese emigrants. She brings the following mail advices: Liu Suh Sun, the empress dowager's secret emissary to Japan, was shot in the abdomen as he stepped ashore at Canton. At the instant the shot was fired the friends of the assassin threw Mexican dollars among the crowd of 300 present. There was a scramble for the money and the assassin and his friends escaped. Liu died of his wounds, for which the people of Canton were thankful, as he was universally hated as the man who fraudulently manipulated the Canton lottery and cheated thousands of poor people out of their money. Liu was formerly a favorite of Li Hung Chang.

## CRANE'S LIFE IN CUBA.

Interesting Recollections of the Young Writer.

## INCIDENT OF HIS FORGETFULNESS.

His Manner of Living and Working on the Island, Fearless of Death and Reckless About His Health. How He Worked and Played "Hearts."

"The first time I ever met Stephen Crane," said one of his friends at Washington recently to the New York Post correspondent, "was when, General Wade, chairman of the American evacuation commission in Havana, received a London cablegram for him and asked me to carry the news to him. I told Crane in a cafe. He thanked me, and the message passed out of his mind. The next day General Wade told me he had another cablegram from the same source, inquiring whether the first had been delivered; he requested me to tell Crane to call at the offices of the commission and get the second one. I delivered the message at the same place. Crane said:

"Say, didn't you tell me something about a cablegram yesterday? 'Yes, I told you about one, and this second is an inquiry as to whether the first was delivered.' I see—using the government to find me. Anyway, I'm much obliged." And again he forgot all about it, or, at least, he never paid any attention to either of my notices. Some time later I told him that the message was still in Wade's hands. "Oh, it's some tradesman to whom I owe a bill, I suppose," he commented carelessly. As a matter of fact, the cablegrams were from his wife, who was being put out of her house in London because he sent her no money with which to pay her rent.

"I have heard many army officers say he was the bravest man they ever saw. He never thought of danger. Death to him was nothing more than the next breath or the next breakfast or the next sleep. This was not affected; it was a distinct quality in the fellow. To see others suffer tore his heart, for he was almost girlish in his sympathies, but it apparently did not bother him to be hungry himself or to be in pain. He was mixed more or less intimately with the Cuban war from the start to finish. He knew Jose Marti, had been with Maceo, Gomez, Garcia, Rabi and the others. The whole thing to him was never anything more than a 'big story.' So far as I could note, courage was the only thing he admired. If he cared anything for the Cuban cause, he never showed it, but he had a boundless admiration for the men who did the real fighting.

"A strong man could not help feeling sorry for Crane. He seemed on the verge of collapse for lack of physical force. His arms were as thin as one who had been ill for a long time. In a dim light his face was handsome to the point of being beautiful, but in the full light it had an anemic and distressed look. His habits were atrocious. He did nothing regularly. He ate and slept when he could no longer do without these necessities of life. He would remain in the streets and in the cafes until his companions were tired out. In Havana he lived with a former filibustering associate in a pair of rooms not far from the downtown hotels, to which he would go in the hope of finding some stragglers when other places were closed to him. If he did, he would sit and listen to their tales until they were exhausted. Then he would go to work. When I saw him, he was writing about 600 words a day. This was the only thing he did with regularity. He wrote somewhat slowly and was almost whimsical in his choice of words. He would spend a long time in trying to find out what suited him, and, since he had no books of reference, his search for the right word or the necessary information consisted in chewing his pencil and waiting until the inspiration came to him.

"When his 600 words were written, he would rouse some of his straggling guests or possibly go to bed. To take care of his health never occurred to him. He had the Cuban fashion of taking light drinks and coffee, but he did not indulge in excess in alcohol, which was remarkable at a time and place of excessive drinking. This was two years ago, and his health then was wretched, although not hopeless had he cared to mend his ways. But he simply refused to think about himself. I remember once when he drummed up some friends to play 'hearts'; the usual stakes there were 5 cents a heart, but when the counters were distributing Crane suddenly said, 'Let's play for cents.'

"This was startling. Cents were \$5 goldpieces. With such stakes it would be possible to lose \$63 on a hand and very easy to get rid of some hundreds of dollars at a sitting. Not a member of the party had the resources to play for such stakes, but for some reason they decided to embark. The only man who lost much was a special friend of Crane's, an ex-filibuster, nicknamed the 'Bartender.' He was the one who could least afford it, which really seemed to please Crane immensely. A book could be written about the camaraderie of these two. They had been in all sorts of tight places together. The 'Bartender' knew the Cuban coast by night and day. He had been the pilot on the Three Friends and later of the Dos Hermanos—the Two Brothers. He was not by profession a bartender, but Crane simply called him that because he had once held a position in a cafe, from which he had been discharged because he was late in getting to work in the morning."

## ROCHESTER HAS A MILKMAID.

Miss Kate Jones Will Live on the Milk Farm and Attend to Shipping.

Rochester, June 25.—A city milkmaid is one of the novel officials which the board of health will install this week. Miss Kate Jones, one of the trained nurses from the city hospital, will have the place. She has had considerable experience in the city's milk stations, and so will be able to fulfill the duties of the trying position. The rural scene in which Miss Jones will participate has its setting in the town of Gates, where the milk farm is located. A tent is to be erected on the farm for the official milkmaid to live in, and she will have entire charge of the milking and the shipping of the product to the stations in the city. She will arise every morning at 5 o'clock and go directly to the barn to take supervising of the milking. She will see that the milkmen wash their hands before entering the cow stables, and will have sheets wrapped around the cows, so that no dust from their bodies falls into the milk. The sheets are to be treated with an antiseptic so that they will be free from contagion. Then the cows will be milked at the order of the city milkmaid and the milk put into sterilized bottles and sent to the city stations, where it will be distributed for a cent a bottle.

The city will reap no profit from the business, as the milk is sold below cost. Each bottle will be stamped by the milkmaid as pure, and unless her certificate is on it the bottle of milk will not be given out. There are to be five city stations, as in the past, but the location of them has not yet been decided upon. It is the intention of Health Officer Goler to open the stations about the first of the month and keep them open until September.

## GERMANY'S MEAT BILL PASSES

Bundesrath Votes in Favor of Reichstag's Inspection Bill.

Berlin, June 25.—The meat inspection bill passed the bundesrath. Washington, D. C., June 25.—Ambassador White, under the instructions given him by Secretary Hay, will send to Washington without delay a complete copy of the meat inspection measure which has received the sanction of the bundesrath. The bill will now be placed before Emperor William, who is expected to approve it. The authorities say that the enforcing of the law will injuriously affect the meat shippers of the United States, but before engaging in any retaliatory movement they propose carefully to analyze its provisions and ascertain the extent of damage it will do. It is the understanding of the state department that Germany will revise her entire tariff next winter and the meat question will probably be given further consideration then.

## Tours His Employees.

Atlanta, Ga., June 25.—W. S. Witham, the owner of 32 banks and eight cotton factories in different southern cities, has started out with 114 employees for a tour of eastern resorts. The trip will last 10 days. Every guest along with the banker and manufacturer is in his employ as head of department. The journey will take in Norfolk, Old Point Comfort, Washington, Philadelphia, New York, and Asbury Park. The train consists of four Pullmans and a baggage car.

Only a few years ago Witham began business modestly, but he has been very successful and in time proposes to widen his branches so as to take in all the large cities in the state.

There are many Georgia belles on the train, and the cars are beautifully decorated.

## Asks for a "Chasseur Alpin."

Paris, June 25.—At the request of the government of the United States the French minister of war has ordered Gen. Zede, commander of the 14th army corps, to send to the American ambassador a sample uniform of a "chasseur alpin." Gen. Zede has asked Maj. Bertin, commander of the 13th battalion, to send a complete outfit. It is supposed that the American secretary of war has the intention of clothing a part of the United States troops in this costume, which is so picturesque and practical.

Washington, D. C., June 25.—It is stated that the war department has made no request for a sample of the Alpine chasseur's uniform, and none of the officials knows to what the dispatch from Paris can refer.

## Santa Fe's Oceanic Connection.

San Francisco, June 25.—It is reported in railway circles that the Oceanic Steamship company is to be made the exclusive ocean connection of the Santa Fe; that agencies will be established at Honolulu and other ports reached by the Oceanic steamers, and that freight and passenger business eastbound from Australia, New Zealand and Hawaii will, so far as possible, be billed and ticketed through to the east over the Santa Fe. While the officials of the lines mentioned do not confirm this report, it is not denied that they will soon occupy the same passenger office in this city.

## Chile Looking for Allies.

Rio Janeiro, Brazil, June 25.—The Chilean minister here is making overtures to obtain the support of Brazil in case of war with Peru and Bolivia. He says that Chile does not fear either republic, but is seriously afraid of intervention on the part of the United States, because, it is asserted, Peru has requested the support of the American government. The attorney general has submitted an opinion in which he says that, as a result of the recent conspiracy, charges should be preferred only against Senor Basson, Capt. Marcondes and Merinda and Ensign Castro.

## ECZEMA=SATANIC ITCH.

This most aggravating and tormenting of all skin diseases is caused by an acid condition of the blood, and unless relieved through certain instrumentalities too much of this acid poison reaches the skin and it becomes red and inflamed. The itching and burning are almost unbearable, especially when overheated from any cause. The skin seems on fire, sleep or rest is impossible, the desperate sufferer, regardless of consequences, scratches until strength is exhausted.

This burning, itching humor appears sometimes in little pustules, discharging a sticky fluid, which forms crusts and scales. Again the skin is dry, hard and fissured, itches intensely, bleeds and scabs over. This is a painful and stubborn form of the disease.

While Eczema, Tetter, Erysipelas, Salt Rheum and many like troubles are spoken of as diseases of the skin, they are really blood diseases, because

## THERE CAN BE NO EXTERNAL IRRITATION WITHOUT AN INTERNAL CAUSE.

If the blood is in a pure, healthy condition, no poisonous elements can reach the skin. External applications of washes, lotions and salves sometimes mitigate the itching and soothe the inflammation, but cannot reach the disease. Only S. S. S., the real blood medicine, can do this.

S. S. S., the only purely vegetable remedy known, is a safe and permanent cure for Eczema and all deep-seated blood and skin troubles. It goes direct to the seat of the disease, neutralizes the acids and cleanses the blood, re-inforces and invigorates all the organs, and thus clears the system of all impurities through the natural channels; the skin relieved, all inflammation subsides, and all signs of the disease disappear.

Mrs. Leta M. Hoffman, of Cardington, Ohio, says she was afflicted with Scrofulous sores and Eczema from birth. Her face at times became so badly swollen that she was not recognizable, and her limbs and hands were very sore. She was treated by all the doctors in town without being benefited, and in her researches for relief, was told by an old physician to take S. S. S. She followed his advice and was promptly cured, and has never had a return of the disease. This was seventeen years ago. She sincerely believes she would have been in her grave years ago but for S. S. S., and adds, "what it has done for me it will do for others."

Send for our book on Blood and Skin Diseases, and write our physicians fully about your case; they will cheerfully give any information or advice wanted. We make no charge for this. Address, Swift Specific Co., Atlanta, Ga.

## Races Attended by 35,000.

Chicago, June 25.—The great American Derby race here was won by Sidney Lucas, at 20 to 1, owned by Thompson brothers of New York. Lieutenant Gibson, the favorite, finished third, and James second. Forty thousand people attended. The crowd was disappointed, as Lieutenant Gibson carried thousands and thousands of public money.

## Methodists Elect Dr. Oldham.

Columbus, Ohio, June 25.—Dr. W. F. Oldham, pastor of the Broad Street Methodist Episcopal church, has been elected assistant general secretary of the Missionary Society of America of the Methodist Episcopal church, and will resign his pastorate here. He will spend the summer in Europe, returning and taking up headquarters in Chicago about Oct. 1.

## Farmer Kills Wife and Self.

Poseyville, Ind., June 25.—John Whitehead, a farmer, and his wife, were found dead at their home, seven miles southeast of this place. The woman was lying in an out-building, while he lay in the parlor with the top of his head blown off. It is thought Whitehead killed his wife and then himself.
